ACET ACCESSIBILITY PLAN

3-year period covered by the plan: 2018 - 2021

Aston Community Education Trust is committed to providing a fully accessible environment which values and includes all pupils/students, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

Definition of Disability (Equality Act 2010)

In the act a person has a disability if:

- they have a physical or mental impairment
- the impairment has a substantial and long-term adverse effect on their ability to perform normal day-to-day activities
- For the purposes of the Act, these words have the following meanings:
 - 'substantial' means more than minor or trivial
 - 'long-term' means that the effect of the impairment has lasted or is likely to last for at least twelve months (there are special rules covering recurring or fluctuating conditions)
 - 'normal day-to-day activities' include everyday things like eating, washing, walking and going shopping

People who have had a disability in the past who meet this definition are also protected by the Act.

Progressive conditions considered to be a disability

There are additional provisions relating to people with progressive conditions. People with HIV, cancer or multiple sclerosis are protected by the Act from the point of diagnosis. People with some visual impairments are automatically deemed to be disabled.

Conditions that are specifically excluded:

Some conditions are specifically excluded from being covered by the disability definition, such as a tendency to set fires or addictions to non-prescribed substances.

Aston Community Education Trust (ACET) plans, over time, to increase the accessibility of provision for all pupils/students, staff and visitors to the academy.

The Accessibility Plan will contain relevant actions to:

- Improve access to the physical environment of the academy, adding specialist facilities as necessary. This covers improvements to the physical environment of the academy and physical aids to access education.
- Increase access to the curriculum for pupils/students with a disability, expanding the curriculum as necessary to ensure that pupils/students with a disability are as equally prepared for life as are the able-bodied pupils/students. This covers teaching and learning and the wider curriculum of the academy such as participation in after-school clubs, leisure and cultural activities or school visits.
- It also covers the provision of specialist aids and equipment, which may assist these pupils/students in accessing the curriculum.
- Improve the delivery of written information to pupils/students, staff, parents and visitors with disabilities. Examples might include hand outs, timetables, textbooks and information about the academy and academy events. The information should be made available in various preferred formats within a reasonable time frame.

Action Plans are attached which relate to the three key aspects of accessibility. These plans will be reviewed and adjusted on an annual basis. New Plans will be drawn up every three years.

We acknowledge that it is necessary to raise awareness of issues related to accessibility and to provide training for staff and governors in the matter of disability discrimination.

This Accessibility Plan should be read in conjunction with the Single Equality Policy.

The Accessibility Plan will be published on each academy's website.

The ACET complaints procedure covers the Accessibility Plan.

Introduction

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. Since September 2002, the Governing Body has had three key duties towards disabled staff and pupils, under Part 4 of the DDA:

- not to treat disabled staff and pupils/students less favourably for a reason related to their disability;
- to make reasonable adjustments for disabled staff and pupils/students, so that they are not at a substantial disadvantage;
- to plan to increase access to education for pupils/students with disabilities.

This plan also takes into account the Equality Act 2010 and needs to be read in conjunction with the Public Sector Equality Duty policy and the SEND Code of Practice 2015.

Definition of disability:

The Disability Discrimination Act (DDA) defines a person with a disability as someone who has ‘a physical or mental impairment which has a substantial and long term adverse effect on his or her ability to carry out normal day to day activities.’

*(Physical or mental impairment includes sensory impairments and also hidden impairments such as :
Dyslexia, Autism, Speech & Language impairments, ADHD)*

Vision and Values:

- ACET aims to ensure equality of opportunity for all its pupils/students and staff and it follows that pupils/students with disabilities or prospective pupils/students, are not treated less favourably than other pupils/students or prospective pupils/students, for reasons relating to their disability.
- Please read this in conjunction with the SEND Policy.

Information from pupil/student data and academy audit :

The latest information regarding pupils with special educational needs and disability for the academy can be found on the staff intranet.

The main priorities in this plan:

Increasing the extent to which pupils/students with disabilities can participate in the academy's curriculum:

- The academy will endeavour to provide suitable access to a range of curriculum opportunities.
- Where necessary, support will be given by inclusion, led by the Special Educational Needs Co-ordinator (SENCO).
- The academy employs Teaching Assistants to support pupils/students with disabilities. They work closely with outside agencies, putting into practice recommendations which are written into the Individual Health Care Plans
- The academy facilitates services from a range of agencies for all pupils/students and their families.

Improving the physical environment of the academy to increase the extent to which pupils/students with disabilities can take advantage of education and associated services:

- Pupils/students and staff with disabilities have access to all learning areas. Ground floor classrooms and/or lift provision are provided as required to ensure full access for all pupils/students.
- The academy has disabled toilet facilities for pupils/students and staff.

Improving the delivery to pupils/students with disabilities of information that is provided in writing for pupils/students who are not disabled:

- Where necessary, all hand-outs, letters, timetables and electronic resources etc. will be made available in suitable format for pupils/students with disabilities.

Making it happen

- This plan will be reviewed by governors every 3 years
- This plan should be read in conjunction with other policies such as :
 - SEN policy
 - H&S policy
 - Single Equality policy
 - Child Protection and Safeguarding Policy
