6. The Single Equality Policy Act, special needs and access arrangements

6.1 Single Equality Policy

Our equality scheme is inclusive of our whole school community – students, staff, parents/carers and visitors - who have been involved in and contributed to its development.

The purpose of this scheme is to set out how our practice and policies can address discrimination, promote inclusive practice and ensure that those in our community requiring extra support receive it.

Equality Act 2010

The academy welcomes its duties under the Equality Act 2010, which include:

- to eliminate discrimination
- to advance equality of opportunity
- to foster good relations

We understand the principles of the act and the work needed to ensure that those with protected characteristics are not discriminated against and are given equality of opportunity.

6.2 Special needs

A candidate's special needs requirements are determined by the SENCO and the educational psychologist / specialist teacher.

The SENCO will inform subject teachers of candidates with special educational needs who are embarking on a course leading to an exam, and the date of that exam. The SENCO can then inform individual staff of any special arrangements that individual candidates may be granted during the course and in the exam.

6.3 Access arrangements

Making special arrangements for candidates to take exams is the responsibility of the SENCO and the exams officer.

Submitting completed access arrangement applications to the awarding bodies is the responsibility of the exams officer.

12. Results, enquiries about results (EARs) and access to scripts (ATS)

12.1 Results

Candidates will receive individual results slips on results days in person at the centre / by post to their home addresses (candidates to provide sae).

Should they be unable to attend they may make a written request asking that another person collects results on their behalf. The person collecting should provide photo identification on the day and will be asked to sign for the results. This should also be dated.

Arrangements for the academy to be open on results days are made by the exams officer.

The provision of staff on results days is the responsibility of the exams officer.

12.2 EARs

EARs may be requested by centre staff or candidates if there are reasonable grounds for believing there has been an error in marking.

When the centre does not uphold an EAR, a candidate may apply to have an enquiry carried out. If a candidate requires this against the advice of subject staff, they will be charged.

(See section 5: Exam fees)

12.3 ATS

After the release of results, candidates may ask subject staff to request the return of papers within three days' scrutiny of the results.

If a result is queried, the exams officer, teaching staff and head of centre will investigate the feasibility of asking for a re-mark at the centre's expense.

Centre staff may also request scripts for investigation or for teaching purposes. For the latter, the consent of candidates must be obtained.

GCSE re-marks cannot be applied for once a script has been returned.

13. Certificates

Certificates are presented in person and collected, checked and signed for. This should also be dated.

Certificates may be collected on behalf of a candidate by a third party, provided they have been authorised to do so. The candidate should provide a letter in advance of the day stating the name of the person collecting certificates on their behalf. That person should bring some form of photo identification on the date of collection.

The centre retains certificates for three years.

14. Addendum – Examination Contingency Plan

The purpose of this plan is to ensure that there is a consistent and effective response in the event of a major disruption to the examination system.

The aim is that, in the interest of all candidates, the academy will endeavour to continue to administer assessments and deliver results in line with published timetables as well as complying with regulatory requirements in relation to assessment, marking and standards.

The contingency plan would be triggered in the event of a major disruption to the examination system, affecting a significant number of candidates.

In the event of one or more of the following scenarios occurring, the academy will make every effort to ensure that the key students continue to access learning, that examinations will be sat as expected and that students receive their grades/results as appropriate:

- Disruption to teaching due to a prolonged closure of the school e.g. due to flooding.
- Widespread illness which has impacted on a significant number of candidates.
- Severe weather which significantly effects attendance at the academy.
- If transport disruption / issues have delayed the delivery of examination papers to centres in advance of the exam date and time.
- Should the academy be unable to open for instances such as wide scale fire or if a fire has destroyed scripts before they are distributed. This may also effect the distribution of examination results.

If one of the above should occur the academy will:

- make every effort to contact all stakeholders affected; candidates, teachers, academy staff, parents/carers, awarding organisation staff, courier staff and scanning centre staff.
- make every effort to ensure that the teaching and learning of examination classes remains a high priority. If necessary, we will seek to use alternative venues, including other academies in the trust, for instances which have led to the academy being fully or partially closed.

- find alternative venues, such as other academies in the trust, to allow students to continue to sit external, planned examinations. If candidates are ill, the academy will offer to either allow the candidate to sit the exam in an alternative venue or, if possible, provision will be made for the examination to be taken at home; within exam board guidelines. Should students be too ill to attend, and the examination rubric permits, special consideration for the candidate(s) will be sought.
- seek to access electronic copies of examination papers via a secure external network if hard copies of exam papers have not been delivered. These electronic copies will be stored in accordance with the normal secure conditions.
- contact the relevant examination boards to ensure that candidates marks are not affected if their scripts have been damaged prior to or during the distribution process. The academy will also work closely with relevant boards should there be a system failure which prevents grades being distributed in the correct time frame. The academy will keep all parties informed as to when they should expect grades to be distributed.

In addition to this, if it is not possible for examination papers to be collected due to issues with transport/couriers, the academy will inform all relevant awarding bodies about the issue and make every effort to organise alternative arrangements in consultation with awarding bodies. The papers will be stored securely until such a time that they can be collected, again in line with JCQ guidelines.
