Dear Parent/Carer,

Following your feedback at the recent Y11 parents evening surrounding providing further direction to students in their revision for the science exams this summer.

Students will be given a weekly booklet to support their revision in science.

This will be given and checked by their teachers weekly, and students will be expected to complete this at home as a core part of their science revision.

We would appreciate your support in this by ensuring that your child is completing the booklet where they are able, and directing them towards asking their teachers for help if they are struggling.

Should you have any questions surrounding this, please do not hesitate to contact me at science@astonacademy.org

I would like to take this opportunity to thank you in advance for your support as we approach the upcoming exams and hope that your child finds the scaffolded revision a useful resource.

Kind regards

Mr Rubbo
Assistant Head of Faculty (Science)
