- Outline the expectations and consequences of behaviour.
- Provide a consistent approach to behaviour management that is applied fairly to all students by all staff.
- Ensure that all stakeholders have a clear understanding of what their responsibilities are and that they are executed consistently.

- Develop clear routines to reinforce expected behaviours.

1.2 Build the culture of our core principles:

Supporting staff - a commitment to value, train and support staff, setting high expectations of performance.

Child centred – involving students in decision making where appropriate.

Uphold the small stuff – shared commitment to high standards and ensuring the smallest details matter.

Pride focused – achievements of students and staff are routinely recognised and celebrated.

Positive relationships – culture of care and mutual respect amongst students and staff.

- If a student is not following uniform policy, they will be supported to correct their uniform ('change it or borrow it') or they may be given an agreed time to rectify the issue ('take up time').
- Non-compliance to the uniform policy after these measures have been put in place will result in the student being removed from their lessons until the uniform is correctly in line with policy.

7. Academy behaviour curriculum

We aim to provide a positive, safe learning environment in which students can thrive and develop into balanced, motivated individuals and effective learners. Central to this is the provision of a structured, positive learning environment, built on strong values of high expectations of behaviour, respect and self-discipline.

We aim to enable students to develop positive behaviour through the consistent explicit promotion of the academy's behaviour expectations. These define the behaviours and qualities needed for students to thrive as they move through their education and into adult life. These are promoted through rewards, the curriculum and Academy environment. Finally, it is important to reward those who behave well. Most students respond well to praise and there is something worthy of praise in all students. However, it is important that students accept responsibility for their own actions through a clearly defined code of conduct understood by all. We will coach students on how to behave through assemblies, form periods, reflection work, individually tailored pastoral work and interactive coaching.

8. Mobile phones / electronic devices (see Mobile Phone Policy)

- All students, when they arrive at school, and before entering the academy site, should switch off their mobile phones. They should be placed in the bottom of their school bag or zipped inside the inner pocket of their blazer. During the school day mobile phones should remain within bags/pockets. They will not be allowed out in lessons, in or outside the academy buildings or anywhere on the academy site.
- If students are caught using their mobile phones, the mobile phone will be confiscated, and the student will be asked to collect it from a designated area at the end of the school day.
- Any student whose phone is confiscated three times during a half term, parents/carers must come to collect it, and an appropriate sanction will be put in place. The phone will be securely stored until collection.
- Students must not use their mobile phones to contact parents/carers during the day. If they need to speak with their parent/carer then they should ask a member of their year team. Likewise, if a parent/carer needs to speak to their child urgently or needs a message passing on, they should phone the academy.
- In addition, students must not use their mobile phone at the end of the academy day until they are out of the building and off school site.
- Inappropriate use of mobile devices is also not permitted and will lead to consequences. This includes, but is not limited to:
 - Answering telephone calls or messaging;
 - The use of mobile devices to threaten or bully;
 - Recording or watching inappropriate video footage;
 - Recording anyone without consent and
 - Uploading content to social networking sites.
- Any inappropriate use of the mobile device on academy premises, both inside and outside the building, including lunch and break time and after school will lead to consequences which includes but is not limited to confiscation of mobile devices for a period of time, detention, isolation and/or suspension.
- Certain types of mobile device usage, whether inside or outside of school, can be classified as criminal conduct. The school takes such conduct extremely seriously and will involve the police or other agencies, as appropriate. Such conduct includes but is not limited to: sexting; threats of violence or assault and abusive calls, emails, social media posts or texts directed at someone on the basis of someone's ethnicity, religious beliefs, sexual orientation or any other protected characteristic.

9. Smoking / vaping / snus

- Vaping and smoking is not permitted.
- The dangerous and legal ramifications for young people will be explained in assemblies and form periods.
- If a student is suspected or know to have a vape, cigarette, lighter or other smoking paraphernalia, the student will be searched, and the items confiscated.
- Parent/carer will be contacted, and an appropriate consequence will be set.

- Any vape gets placed in an evidence bag with details and collected by community police officer. This is linked to trading standards to provide further evidence as to where students are illegally purchasing them from.
- Use of snus and/or other nicotine consumption products are not permitted on school site.

10. Responding to behaviour

10.1 Students who do not meet the academy's high standards will be supported with a range of measures, including a pastoral support plan. The academy may also issue sanctions to allow students to reflect on how best to correct their behaviour including:

- a detention at the end of the academy day.
- period of close supervision by means of the Daily Report procedure or a Pastoral Support Programme.
- a day, or several days, in '**The Bridge**'. This will run from 9am until 4pm. Student to sign in at the main reception.
- a period of fixed term suspension from the Academy.
- age-appropriate intervention and learning related to the disciplinary matter.
- Academy community service e.g. litter picking, dining room assistance, library assistance, PE faculty assistance.
- a lunch time suspension – if behaviour is related to out of class behaviour.
- Behaviour Placement: fixed period placement of up to 12 weeks in a partner academy to assist in improving behaviour.
- Managed Move: 12-week placement in another academy that may be converted to admission to permanently on roll.
- Offsite direction.
- Permanent exclusion.

In a classroom environment, when a student exhibits behaviour that does not follow the academy's expectations, staff will implement the following steps:

10.2

-	Expectations reminder	Verbal and/or non-verbal classroom management techniques to reiterate what is expected of students. This is not recorded.
C1	First warning	Added to the classroom display poster as a visual reminder.
C2	Last chance warning	Recorded on class charts and displayed on the classroom display.
C3	Removed from the lesson	Student has 5 mins to attend The Removal Room . They will remain there for the rest of the lesson. This event is recorded on Class Charts. Student is issued a 30 mins after school detention. Student is after 5 mins = 60 mins detention
C4	Student refuses or fails The Removal Room Or The Bridge	On call staff come to collect student. Student suspended Student spends the next day in The Bridge .

If the student's behaviour continues to be a concern following a C2 the student will be sent to **The Removal Room** and issued with a Detention of 30 minutes. Parents should be informed on the same day if their child has been removed from the classroom.

An 'On-Call member' of staff will be contacted if the student refuses to leave or fails the removal room. The student will be suspended and put into **The Bridge** for the next school day.

Staff reserve the judgement to remove the student from lesson if the behaviour is severe enough to warrant it, in that case they do not have to have used the warning systems.

For outside of the classroom misdemeanours a standards detention will be issued of 30 minutes- these will be for late to lesson, boisterous corridor behaviour, repeated uniform infringements and equipment discrepancies.

10.3 The Removal Room

The removal from the lesson is to allow the rest of the students to continue with their learning and for the teacher to proceed with the teaching of the lesson without disruption.

The Removal Room is within the mainstream Academy, students attend when removed from their lesson.

The Removal Room is NOT a consequence, it is to allow the learning of others to continue, the consequence for being removed is a 30-minute detention after school.

Students must attend **The Removal Room** within 5 minutes of being sent or the detention will be extended to 60 mins.

Reflective work will be expected to be completed during the period of time in **The Removal Room**

10.4 The Bridge

This is a workspace for students to be away from mainstream lessons and access learning in a supportive environment. It can serve as isolation for students who have been unable to access their learning due to poor behaviour.

The Bridge is a hybrid of classroom and independent workspaces that is staffed to support students with their learning.

For students who are being isolated in **The Bridge** due to behaviour, their isolation will run from 9am to 4pm.

Students who are isolated will not be allowed into mainstream for break times.

11. Behaviour expectations for pupils with SEND

11.1 Recognising the impact of SEND on behaviour.

The academy recognises that students' behaviour may be impacted by a Special Educational Need or Disability (SEND). When incidents of misbehaviour arise, we will consider them in relation to a student's SEND, although we recognise that not every incident of misbehaviour will be connected to their SEND. Decisions on whether a student's SEND had an impact on an incident of misbehaviour will be made on a case-by-case basis. When dealing with misbehaviour from students with SEND, especially where their SEND affects their behaviour, the Academy will balance their legal duties when making decisions about enforcing the behaviour and rewards policy. The legal duties include:

- Taking reasonable steps to avoid causing any substantial disadvantage to a disabled student caused by the Academy's policies or practices ([Equality Act 2010](#)).
- Using our best endeavours to meet the needs of students with SEND ([Children and Families Act 2014](#)).
- If a student has an Education, Health and Care (EHC) plan, the provisions set out in that plan must be secured and the Academy must co-operate with the local authority and other bodies. As part of meeting these duties, the Academy will anticipate, as far as possible, all likely triggers of misbehaviour, and put in place support to prevent these from occurring. Any preventative measures will consider the specific circumstances and requirements of the student concerned. Any actions taken will be outlined in student Grids for Learning.

11.2 Adapting consequences for students with SEND, while never using it as an excuse for poor behaviour

When applying a behavioural sanction for a student with SEND, the Academy will consider:

- Whether the student was unable to understand the rule or instruction.
- Whether the student was unable to act differently at the time as a result of their SEND.
- Whether the student is likely to display challenging or extreme behaviour due to their particular SEND.

If the answer to any of these questions is yes, it may contravene the [Equality Act 2010](#) to sanction the student for the behaviour. The Academy will assess if it is appropriate to use a sanction and if so, whether any reasonable adjustments need to be made to the sanction in accordance with The [Equality Act 2010](#) point 4.22 which states:

'In addition to having a duty to consider reasonable adjustments for particular individual disabled pupils, schools will also have to consider potential adjustments which may be needed for disabled pupils generally as it is likely that any school will have a disabled pupil at some point. However, schools are not obliged to anticipate and make adjustments for every imaginable disability and need only consider general reasonable adjustments - e.g. being prepared to produce large font papers for pupils with a visual impairment even though there are no such pupils currently admitted to the school. Such a strategic and wider view of the school's approach to planning for disabled pupils will also link closely with its planning duties'

It is the responsibility of the academy to consider the reasonableness of adjustments based on the circumstances of each case

11.3 Considering if the student has an unmet underlying SEND

The Academy's Special Educational Needs Co-ordinator (SENCO) may evaluate a student who exhibits challenging or extreme behaviour to determine whether they have any underlying needs that are not currently being met. Where necessary, support and advice will also be sought from specialists in order to identify or support specific needs. When acute needs are identified in a student, we will liaise with external agencies and plan support for that student. We will work with parents/carers to create the plan and review it on a regular basis.

11.4 Students with an Educational Health Care Plan (EHCP)

Best endeavours must be used to secure the provisions set out in the EHC plan and the Academy will co-operate with the local authority and other bodies in order to do so. If the Academy has a concern about the behaviour of a student with an EHC plan, it will contact the local authority to discuss the issue. If appropriate, the Academy may request an emergency review of the EHC plan.

12. Fixed period suspension

The Academy can use suspension in response to serious incidents or in response to persistent poor behaviour, which has not improved following internal Academy consequences and interventions. The decision to suspend will be made by the Principal and only as a last resort.

Suspensions can be issued from 1 to 15 days for a fixed term period, or a permanent exclusion, if necessary.

13. Re-engagement following suspension

Following a suspension, the student and parents/ carers must attend a reengagement meeting to provide an opportunity for the student to reflect on their behaviour which led to the suspension. The focus of the meeting will be to discuss how behaviour can be improved and the next steps to achieve this. Targets and actions from the meeting will inform the Grid For Learning where appropriate. Information from the meeting will be shared with the students form tutor, Pastoral Team, Leadership link and teaching staff where appropriate.

Copies of the meeting should be written up, logged and shared with parents/carers.

An agreed timeframe should be in place to review the targets set and for the outcome of this review to be communicated with parents/carers and key staff involved with the student.

14. Permanent Exclusion

14.1 A decision to exclude a student permanently should only be taken:

- In response to serious or persistent breaches of the Academy's Behaviour and Rewards Policy.
- Where allowing the student to remain in the academy would seriously harm the education or welfare of the students or others in the Academy' (DfE 'Exclusion from maintained schools, Academies and pupil referral units in England 2015 guidance).

14.2 The Principal will make the judgement, in exceptional circumstances, where it is appropriate to permanently exclude a child for a first or 'one-off' offence. These offences might include:

- Serious actual physical assault against another student or a member of staff.
- Bringing onto academy site illegal substances with or without an intent to supply.
- Carrying an offensive weapon.
- Potentially placing members of the public in significant danger or at risk of significant harm.

14.3 These instances are not exhaustive but indicate the severity of such offences and the fact that such behaviour can affect the discipline and well-being of the academy community.

14.4 Under DfE Guidance 'Exclusion from maintained schools, academies and pupil referral units in England', a meeting of the Local Academy Council Behaviour Committee must be convened by the Local Academy Council Behaviour Committee when:

- A student has received over 15 days' exclusion in one term.
- Recommendation of permanent exclusion is made by the principal for a one-off incident, or through the Consequences system.

14.5 The Academy Advisor committee will comprise of 3 members of the Advisory Group who can hear the case impartially. If a member has a connection with the student, or knowledge of the incident that led to the exclusion, which could affect his or her ability to act impartially, he or she should step down.

14.6 As a precautionary measure, the principal reserves the right to hold a behaviour panel meeting at 10 days and may therefore convene a meeting with parents and advisors following 10 days of fixed term suspensions in any one term as and when this is deemed an appropriate course of action. This will act as supportive meeting to intervene before the 15-day period.

14.7 After 45 days of exclusion in any one academic year, the Advisors recognise that the academy is likely to have exhausted the strategies available to it to deal with the persistent disruption to the learning of others presented by these students. In addition, the Advisors recognise that the individual concerned will have lost so many days of learning it would be unlikely that the Academy could offer any other reasonable support.

15. Offsite behaviour

15.1 Sanctions may be applied where a student has misbehaved off-site when representing the academy. This means misbehaviour when the student is:

- Taking part in any academy-organised or academy-related activity (e.g. trips).
- Travelling to or from the academy.
- Wearing academy uniform.
- In any other way identifiable as a student of our Academy.

15.1.1 Sanctions may also be applied where a student has misbehaved off-site, at any time, whether or not the conditions above apply, if the misbehaviour:

- Could have repercussions for the orderly running of the academy.
- Poses a threat to another student.
- Could adversely affect the reputation of the academy.

15.1.2 Sanctions will only be given out on academy premises or elsewhere when the student is under the lawful control of a staff member (e.g. on an academy-organised trip).

15.2 Online misbehaviour

The Academy can issue behaviour sanctions to students for online misbehaviour when:

- It poses a threat or causes harm to another student.
- It could have repercussions for the orderly running of the academy.
- It adversely affects the reputation of the academy.
- The student is identifiable as a member of the academy.

Sanctions will only be given out on academy premises or elsewhere when the student is under the lawful control of a staff member.

15.3 Suspected criminal behaviour

If a student is suspected of criminal behaviour, the academy will make an initial assessment of whether to report the incident to the police. When establishing the facts, the academy will endeavour to preserve any relevant evidence to hand over to the police. If a decision is made to report the matter to the police, the principal or an appropriate Senior Leadership Team member will make the report. The academy will not interfere with any police action taken. However, the academy may continue to follow its own investigation procedure and enforce sanctions, if it does not conflict with police action. If a report to the police is made, the Designated Safeguarding Lead (DSL) will make a tandem report to children's social care, if appropriate.

16. Monitoring

16.1 The Academy will collect data on the following:

- Behavioural incidents, including removal from the classroom.
- Attendance, permanent exclusion and suspension.
- Use of student support units, off-site directions and managed moves.
- Incidents of searching, screening and confiscation.
- Anonymous surveys for staff, students, governors, trustees and other stakeholders on their perceptions and experiences of the academy's behaviour culture. The data will be analysed regularly by the Academy SLT and reported to Local Governors termly.

16.2 The data will be analysed from a variety of perspectives including:

- At academy level.
- By age group.
- At the level of individual members of staff.
- By time of day/week/term.
- By protected characteristic.

The Academy will use the results of this analysis to make sure it is meeting its duties under the Equality Act 2010.

16.3 This behaviour and rewards policy will be reviewed by Executive Leaders, Principal and Local Governing Body at least annually, or more frequently, if needed, to address findings from the regular monitoring of the behaviour data. At each review, the policy will be considered and approved by the CEO.

Choices – Consequences – Certainty – Consistency

*Students make a **choice** of their behaviour, both positive and negative.*

*There is a **consequence** or reward to that behaviour.*

*There is **certainty** that this consequence will happen.*

*This is applied **consistently** across faculties and all staff.*

-	Expectations reminder	Verbal and/or non-verbal classroom management techniques to reiterate what is expected of students. This is not recorded.

Appendix 3: Consequence tariff guide

The following tariff is a guide and demonstrates what consequences **could be applied. A decision to exclude a student permanently should only be taken in response to serious one-off breach or persistent breaches of the Academy's Behaviour and Rewards Policy or where, allowing the student to remain in the academy would seriously harm the education or welfare of the other students. The principal will make the judgement, in exceptional circumstances, where it is appropriate to permanently exclude a child for a first or 'one-off' offence.
