

REMOTE LEARNING WEBPAGE

As part of our commitment to supporting students learning beyond the classroom, ACET provides students with access to specialist online learning platforms across a number of subjects. Students/pupils and their parents receive their log in details for these through their subject teachers and are expected to complete their online learning in line with the curriculum expectations.

Platforms currently in use include:

- Google Classroom: classroom.google.com
- Sparx Maths: maths.sparx-learning.com/student
- Seneca: app.senecalearning.com/sign-up

Remote education is not viewed as an alternative to education in school and all students/pupils should attend school in line with our attendance policy.
